The Wisdom of Yo Meow Ma

**A Spiritual Guide from the Ancient
Chinese Philosopher Cat**

- The perfect gift book for cat lovers
- A beautiful, small hardback with dust jacket
- Delightful color illustrations

In a sandstone tomb in northwestern China, archaeologists unearthed a treasure trove of ancient scrolls written by the world's first cat philosopher, Yo Meow Ma. After years of diligent translation, the wisdom of this ancient feline is finally available to the general public.

Is it real? Of course not. Cats can't write. But through this wonderfully fanciful and humorous premise, the wisdom of cats and modern mankind meet. Full of lessons and allegorical tales, written as if an ancient sage cat was teaching future generations of kittens, the messages for her human counterparts are clear.

On the surface there are dozens of wicked little winks, bogus footnotes, pseudo-science, and cat-oriented messages. But, at heart, *The Wisdom of Yo Meow Ma* is an uplifting spiritual guide for living a better life, solving the problems of modern society, and skirting the moral quagmires that can pull all of us down.
