About the Author

Julia Baird has avoided the public spotlight her entire life. She has an MA in Education and is a career teacher. She lives in Chester, UK.

John Lennon's Sister Speaks Out

“All families have secret stories and most spend their lives trying to keep them hidden, even from each other..”

“...In our family, however, our hidden histories have been hung up across the giant screen of the sky, inviting inspection and criticism. We just had to let them get on with it, knowing that much of it was wrong. In fact so much that is inaccurate has been written about John and our family that sometimes I have to remind myself of the basic truths.”

These are the words of John Lennon's sister, Julia. With the publication of *The Private John Lennon*, Julia has finally put the rumors — true and untrue—to rest, including:

- The truth about John's secret illegitimate sister
- How the untimely death of their mother ripped John's world apart
- The influence of the strong-willed women in John's life
- John's first marriage, and the backlash from fans and family
- The rise of the Beatles, from their changes in line-up and management to their rowdy performances at the Cavern
- The birth of John's first son, just as “Love Me Do” was rising to the top of the charts
- His controversial marriage to Yoko Ono
- An insider's view of John's death

To interview Julia about John's tragic and brilliant life, please contact Karma Bennett at 510-601-8301x108 or karmabennett@ulyssespress.com.
