Serial Killers and Mass Murderers

Profiles of the World's Most Barbaric Criminals

Even the world's most depraved murderers were once only known as somebody's neighbor or someone's son. What turned these people into killers? And why is everyone so fascinated with them?

Serial Killers and Mass Murderers profiles over two dozen of the most shocking cases in one chilling chapter after another, with a terrifying succession of homicidal maniacs.

It takes readers inside the minds of the people who committed the world's most notorious and horrendous crimes. Are they inhuman beasts beyond compassion, or human beings just like us who simply crossed a line and could not find a way back? Each story stands alone as a frightening tale. Drawn together in this one volume, Serial Killers and Mass Murderers present a fascinating investigation of the dark side.
